Thanks, Mike. We appreciate your support. Our attorney asked me just the other day if we could get a letter from WCBID so it had not occurred to me when we met the other week. Hopefully, the attached letter will work. I tried to state you were supportive and not speaking on behalf of the BID. But obviously, feel free to edit as you like.

Hi Michael,

Yes, please draft something up for me to review. Since we won't have another Board Meeting until January, the board won't be able to take an official stance on the project without a vote. Had I known that a support letter was needed I could have added that to the October agenda.

However, I would be happy to support the project as a community stakeholder myself. Also, I could attend the December 5th public hearing to give testimony about all the great work you and your team have been doing to enhance the neighborhood and the pedestrian experience at Chapman. Please send me more details about the public hearing as well.

Thank you,

Hi Mike,

We have our public hearing for the Chapman CUP on December 5th. Since we were asked by the council member Wesson's office to meet with the Wilshire Center BID, I was hoping we could also get a letter of support from the BID. We can draft something to make it easier for you and you can edit as you like. Please let me know.

Thanks,
Mike
